## **SANDWICH BAY BIRD OBSERVATORY NEEDS VOLUNTEERS**

After our successful and sensational purchase of Restharrow Scrape and the grateful receipt of a massive grant from The National Lottery Heritage Fund we are ready to develop this unique nature reserve for people, birds and wildlife.

To accomplish this as well as we possibly can, we need your help.

We are looking for volunteers who:

***\* get on well with others***

***\* would be willing to staff our hides or visitor centre***

***\* would like to work with our conservation team or on special events***

The job would entail greeting, informing and communicating with other members, visitors and the general public, as a major part of this important project. This may already include skills that you possess, but if not, we will be able to train you. All we need is some of your time on either a regular (or not so regular) basis, perhaps one day a week, for a morning or an afternoon, or for just a few hours occasionally.

If you don't already know us, we are a friendly bunch and would be extremely pleased to welcome you to our team. This will ensure that we are able to consolidate our efforts and take the good news about Sandwich Bay Bird Observatory, Restharrow Scrape and our reserves out to the wider community.
